

2,2,2,3'-Tetrafluoroacetophenone Safety Data Sheet 2617311 according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

Date of issue: 01/27/2017 Version: 1.0

SECTION 1: Identification	
1.1. Identification	
Product form	: Substance
Substance name	: 2,2,2,3'-Tetrafluoroacetophenone
CAS No	: 708-64-5
Product code	: 2617-3-11
Formula	: C8H4F4O
Synonyms	: alpha,alpha,alpha,3-Tetrafluoroacetophenone
Other means of identification	: MFCD00039236
	ance or mixture and uses advised against
Use of the substance/mixture	: Laboratory chemicals Manufacture of substances Scientific research and development
1.3. Details of the supplier of the safety d	lata sheet
SynQuest Laboratories, Inc. P.O. Box 309 Alachua, FL 32615 - United States of America T (386) 462-0788 - F (386) 462-7097 info@synquestlabs.com	1
1.4. Emergency telephone number	
Emergency number	: (844) 523-4086 (3E Company - Account 10069)
SECTION 2: Hazard(s) identification	
2.1. Classification of the substance or mi	ixture
Classification (GHS-US) Flam. Liq. 2 H225 - Highly flammable liquid an Skin Irrit. 2 H315 - Causes skin irritation Eye Irrit. 2A H319 - Causes serious eye irritati STOT SE 3 H335 - May cause respiratory irrit Full text of H-phrases: see section 16	on
·	
2.2. Label elements	
GHS-US labeling Hazard pictograms (GHS-US)	: GHS02 GHS07
Signal word (GHS-US)	: Danger
Hazard statements (GHS-US)	: H225 - Highly flammable liquid and vapor H315 - Causes skin irritation H319 - Causes serious eye irritation H335 - May cause respiratory irritation
Precautionary statements (GHS-US)	 P210 - Keep away from heat/sparks/open flames/hot surfaces. No smoking P233 - Keep container tightly closed P240 - Ground/bond container and receiving equipment P241 - Use explosion-proof electrical/ventilating/lighting equipment P242 - Use only non-sparking tools P243 - Take precautionary measures against static discharge P261 - Avoid breathing fumes, mist, spray, vapors P264 - Wash skin thoroughly after handling P271 - Use only outdoors or in a well-ventilated area P280 - Wear protective gloves/protective clothing/eye protection/face protection P303+P361+P353 - If on skin (or hair): Take off immediately all contaminated clothing. Rinse skin with water/shower P304+P340 - If inhaled: Remove person to fresh air and keep comfortable for breathing

2,2,2,3'-Tetrafluoroacetophenone Safety Data Sheet according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

	lense P312 P321 P332 P337 P362 P370 P403 P403 P403 P405	 +P351+P338 - If in eyes: Rinse cautious es, if present and easy to do. Continue rin Call a POISON CENTER or doctor/phy Specific treatment (see supplemental f +P313 - If skin irritation occurs: Get med +P313 - If eye irritation persists: Get med +P364 - Take off contaminated clothing a +P378 - In case of fire: Use dry sand, drg +P235 - Store in a well-ventilated place. - Store locked up - Dispose of contents/container to an ap 	sing vsician if you fee irst aid instruction ical advice/atter dical advice/atter and wash it befor y chemical or all Keep container Keep cool	el unwell ons on this label) ntion ention ore reuse cohol-resistant foam to extinguish tightly closed
.3. Other hazards				
lo additional information available				
2.4. Unknown acute toxicity (GHS US) Iot applicable				
SECTION 3: Composition/information	i on in	greatents		
3.1. Substance Substance type	· Mono	p-constituent		
	. 10110		0/	Oleanification (OUO UO)
Name 2,2,2,3'-Tetrafluoroacetophenone		Product identifier (CAS No) 708-64-5	% <= 100	Classification (GHS-US) Flam. Lig. 2, H225
(Main constituent)			- 100	Skin Irrit. 2, H315 Eye Irrit. 2A, H319 STOT SE 3, H335

.2. Mixture				
lot applicable				
Not applicable SECTION 4: First aid measures				
ECTION 4: First aid measures .1. Description of first aid measures irst-aid measures general	where	se of accident or if you feel unwell, seek e possible). Move the affected personnel	away from the	contaminated area.
SECTION 4: First aid measures .1. Description of first aid measures irst-aid measures general irst-aid measures after inhalation	where : Remo respir	e possible). Move the affected personnel ove person to fresh air and keep comforta ration. Get medical advice/attention.	away from the o able for breathir	contaminated area. ng. If not breathing, give artificial
SECTION 4: First aid measures .1. Description of first aid measures First-aid measures general First-aid measures after inhalation First-aid measures after skin contact	where Remo respir Wash	e possible). Move the affected personnel ove person to fresh air and keep comfort ration. Get medical advice/attention. n with plenty of soap and water. Get med	away from the o able for breathin ical advice/atter	contaminated area. ng. If not breathing, give artificial ntion.
SECTION 4: First aid measures .1. Description of first aid measures irst-aid measures general irst-aid measures after inhalation irst-aid measures after skin contact irst-aid measures after eye contact	where : Remo respir : Wash : Imme prese	e possible). Move the affected personnel ove person to fresh air and keep comforta ration. Get medical advice/attention. In with plenty of soap and water. Get med ediately flush eyes thoroughly with water ent and easy to do. Continue rinsing. Get	away from the or able for breathin ical advice/atter for at least 15 m medical advice/	contaminated area. ng. If not breathing, give artificial ntion. ninutes. Remove contact lenses, if /attention.
SECTION 4: First aid measures .1. Description of first aid measures First-aid measures general First-aid measures after inhalation First-aid measures after skin contact	 where Remorrespir Wash Immerprese Do No 	e possible). Move the affected personnel ove person to fresh air and keep comfort ration. Get medical advice/attention. n with plenty of soap and water. Get med ediately flush eyes thoroughly with water	away from the or able for breathin ical advice/atter for at least 15 m medical advice/ by mouth to an	contaminated area. ng. If not breathing, give artificial ntion. ninutes. Remove contact lenses, if /attention.
SECTION 4: First aid measures .1. Description of first aid measures irst-aid measures general irst-aid measures after inhalation irst-aid measures after skin contact irst-aid measures after eye contact	 where Remorespin Wash Immerespin Immerespin Do Nemoutles, both 	e possible). Move the affected personnel ove person to fresh air and keep comforta ration. Get medical advice/attention. In with plenty of soap and water. Get med ediately flush eyes thoroughly with water ent and easy to do. Continue rinsing. Get OT induce vomiting. Never give anything h out with water. Get medical advice/atte acute and delayed	away from the or able for breathin ical advice/atter for at least 15 m medical advice/ by mouth to an ntion.	contaminated area. ng. If not breathing, give artificial ntion. ninutes. Remove contact lenses, if /attention. u unconscious person. Rinse
SECTION 4: First aid measures .1. Description of first aid measures First-aid measures general First-aid measures after inhalation First-aid measures after skin contact First-aid measures after eye contact First-aid measures after ingestion .2. Most important symptoms and effect Symptoms/injuries	where : Remo respir : Wash : Imme prese : Do N mouth s, both : The n 2.2) a	e possible). Move the affected personnel ove person to fresh air and keep comforta ration. Get medical advice/attention. In with plenty of soap and water. Get med ediately flush eyes thoroughly with water ent and easy to do. Continue rinsing. Get OT induce vomiting. Never give anything h out with water. Get medical advice/atter acute and delayed most important known symptoms and effe and/or in section 11.	away from the or able for breathin ical advice/atter for at least 15 m medical advice/ by mouth to an ntion.	contaminated area. ng. If not breathing, give artificial ntion. ninutes. Remove contact lenses, if /attention. u unconscious person. Rinse
SECTION 4: First aid measures .1. Description of first aid measures irst-aid measures general irst-aid measures after inhalation irst-aid measures after skin contact irst-aid measures after eye contact irst-aid measures after ingestion .2. Most important symptoms and effect Symptoms/injuries .3. Indication of any immediate medical	where : Remo respir : Wash : Imme prese : Do N mouth s, both : The n 2.2) a	e possible). Move the affected personnel ove person to fresh air and keep comforta ration. Get medical advice/attention. In with plenty of soap and water. Get med ediately flush eyes thoroughly with water ent and easy to do. Continue rinsing. Get OT induce vomiting. Never give anything h out with water. Get medical advice/atter acute and delayed most important known symptoms and effe and/or in section 11.	away from the or able for breathin ical advice/atter for at least 15 m medical advice/ by mouth to an ntion.	contaminated area. ng. If not breathing, give artificial ntion. ninutes. Remove contact lenses, if /attention. u unconscious person. Rinse
SECTION 4: First aid measures .1. Description of first aid measures First-aid measures general First-aid measures after inhalation First-aid measures after skin contact First-aid measures after eye contact First-aid measures after ingestion .2. Most important symptoms and effect Symptoms/injuries	where : Remo respir : Wash : Imme prese : Do N mouth s, both : The n 2.2) a	e possible). Move the affected personnel ove person to fresh air and keep comforta ration. Get medical advice/attention. In with plenty of soap and water. Get med ediately flush eyes thoroughly with water ent and easy to do. Continue rinsing. Get OT induce vomiting. Never give anything h out with water. Get medical advice/atter acute and delayed most important known symptoms and effe and/or in section 11.	away from the or able for breathin ical advice/atter for at least 15 m medical advice/ by mouth to an ntion.	contaminated area. ng. If not breathing, give artificial ntion. ninutes. Remove contact lenses, if /attention. u unconscious person. Rinse
SECTION 4: First aid measures .1. Description of first aid measures irst-aid measures general irst-aid measures after inhalation irst-aid measures after skin contact irst-aid measures after eye contact irst-aid measures after ingestion .2. Most important symptoms and effect Symptoms/injuries .3. Indication of any immediate medical	where : Remo respir : Wash : Imme prese : Do N mouth s, both : The n 2.2) a	e possible). Move the affected personnel ove person to fresh air and keep comforta ration. Get medical advice/attention. In with plenty of soap and water. Get med ediately flush eyes thoroughly with water ent and easy to do. Continue rinsing. Get OT induce vomiting. Never give anything h out with water. Get medical advice/atter acute and delayed most important known symptoms and effe and/or in section 11.	away from the or able for breathin ical advice/atter for at least 15 m medical advice/ by mouth to an ntion.	contaminated area. ng. If not breathing, give artificial ntion. ninutes. Remove contact lenses, if /attention. u unconscious person. Rinse
SECTION 4: First aid measures A.1. Description of first aid measures First-aid measures general First-aid measures after inhalation First-aid measures after skin contact First-aid measures after eye contact First-aid measures after ingestion A.2. Most important symptoms and effect Symptoms/injuries A.3. Indication of any immediate medical Freat symptomatically.	where : Remo respir : Wash : Imme prese : Do N mouth s, both : The n 2.2) a	e possible). Move the affected personnel ove person to fresh air and keep comforta ration. Get medical advice/attention. In with plenty of soap and water. Get med ediately flush eyes thoroughly with water ent and easy to do. Continue rinsing. Get OT induce vomiting. Never give anything h out with water. Get medical advice/atter acute and delayed most important known symptoms and effe and/or in section 11.	away from the or able for breathin ical advice/atter for at least 15 m medical advice/ by mouth to an ntion.	contaminated area. ng. If not breathing, give artificial ntion. ninutes. Remove contact lenses, if /attention. u unconscious person. Rinse
SECTION 4: First aid measures A.1. Description of first aid measures First-aid measures general First-aid measures after inhalation First-aid measures after skin contact First-aid measures after eye contact First-aid measures after ingestion A.2. Most important symptoms and effect Symptoms/injuries A.3. Indication of any immediate medical reat symptomatically. SECTION 5: Firefighting measures	where : Remo respir : Wash : Imme prese : Do N mouti s, both : The r 2.2) a attentio : Alcoh	e possible). Move the affected personnel ove person to fresh air and keep comforta ration. Get medical advice/attention. In with plenty of soap and water. Get med ediately flush eyes thoroughly with water ent and easy to do. Continue rinsing. Get OT induce vomiting. Never give anything h out with water. Get medical advice/atter acute and delayed most important known symptoms and effe and/or in section 11.	away from the of able for breathin ical advice/atter for at least 15 m medical advice/ by mouth to an ntion.	contaminated area. ng. If not breathing, give artificial ntion. ninutes. Remove contact lenses, if /attention. n unconscious person. Rinse ed in the labelling (see section
SECTION 4: First aid measures .1. Description of first aid measures iirst-aid measures general iirst-aid measures after inhalation iirst-aid measures after skin contact iirst-aid measures after eye contact iirst-aid measures after ingestion .2. Most important symptoms and effect symptoms/injuries .3. Indication of any immediate medical reat symptomatically. SECTION 5: Firefighting measures .1. Extinguishing media	where : Remo respir : Wash : Imme prese : Do N- mouth s. both : The n 2.2) a attentio : Alcoh approx	e possible). Move the affected personnel ove person to fresh air and keep comforta ration. Get medical advice/attention. In with plenty of soap and water. Get med ediately flush eyes thoroughly with water ent and easy to do. Continue rinsing. Get OT induce vomiting. Never give anything h out with water. Get medical advice/atte acute and delayed most important known symptoms and effe and/or in section 11. In and special treatment needed	away from the of able for breathin ical advice/atter for at least 15 m medical advice/ by mouth to an ntion.	contaminated area. ng. If not breathing, give artificial ntion. ninutes. Remove contact lenses, if /attention. n unconscious person. Rinse ed in the labelling (see section
SECTION 4: First aid measures A1. Description of first aid measures First-aid measures general First-aid measures general First-aid measures after inhalation First-aid measures after skin contact First-aid measures after skin contact First-aid measures after eye contact First-aid measures after ingestion First-aid measures after ingestion A2. Most important symptoms and effect Symptoms/injuries First-aid measures A3. Indication of any immediate medical Freat symptomatically. First-fighting measures A1. Extinguishing media Suitable extinguishing media First-aid	where : Remo respir : Wash : Imme prese : Do N mouth : Do N mouth : The n 2.2) a attentio : Alcoh appro stance o : Therm	e possible). Move the affected personnel ove person to fresh air and keep comforta ration. Get medical advice/attention. In with plenty of soap and water. Get med adiately flush eyes thoroughly with water ent and easy to do. Continue rinsing. Get OT induce vomiting. Never give anything h out with water. Get medical advice/atter acute and delayed most important known symptoms and effe and/or in section 11. In and special treatment needed	away from the of able for breathin ical advice/atter for at least 15 m medical advice/ by mouth to an ntion. ects are describe bowder. Water sp ides. Hydrogen	contaminated area. ng. If not breathing, give artificial ntion. ninutes. Remove contact lenses, if /attention. o unconscious person. Rinse ed in the labelling (see section oray. Use extinguishing media fluoride.
SECTION 4: First aid measures A.1. Description of first aid measures First-aid measures general First-aid measures after inhalation First-aid measures after inhalation First-aid measures after skin contact First-aid measures after eye contact First-aid measures after ingestion A.2. Most important symptoms and effect Symptoms/injuries A.3. Indication of any immediate medical Freat symptomatically. SECTION 5: Firefighting measures Firefighting measures A.1. Extinguishing media Buitable extinguishing media Firefighting from the sub	where : Remo respir : Wash : Imme prese : Do N mouth s. both : The m 2.2) a attentio : Alcoh appro stance : Therm : Risk of	e possible). Move the affected personnel ove person to fresh air and keep comforta ration. Get medical advice/attention. In with plenty of soap and water. Get med ediately flush eyes thoroughly with water and easy to do. Continue rinsing. Get OT induce vomiting. Never give anything h out with water. Get medical advice/atte acute and delayed most important known symptoms and effe and/or in section 11. In and special treatment needed	away from the of able for breathin ical advice/atter for at least 15 m medical advice/ by mouth to an ntion. ects are describe owder. Water sp ides. Hydrogen . Use water spra	contaminated area. ng. If not breathing, give artificial ntion. ninutes. Remove contact lenses, if /attention. o unconscious person. Rinse ed in the labelling (see section oray. Use extinguishing media fluoride.
SECTION 4: First aid measures A.1. Description of first aid measures First-aid measures general First-aid measures after inhalation First-aid measures after skin contact First-aid measures after eye contact First-aid measures after eye contact First-aid measures after ingestion A.2. Most important symptoms and effect Symptoms/injuries A.3. Indication of any immediate medical Treat symptomatically. SECTION 5: Firefighting measures A.1. Extinguishing media Buitable extinguishing media A.2. Special hazards arising from the sub	 where Remorespin Wash Immerespin Do Nemouti Do Nemouti Do Nemouti Shoth The n 2.2) a attention Alcohappro stance of contact Therr Risk of contact 	e possible). Move the affected personnel ove person to fresh air and keep comforta ration. Get medical advice/attention. In with plenty of soap and water. Get medi- ediately flush eyes thoroughly with water ent and easy to do. Continue rinsing. Get OT induce vomiting. Never give anything h out with water. Get medical advice/atter acute and delayed most important known symptoms and effe and/or in section 11. In and special treatment needed hol resistant foam. Carbon dioxide. Dry pro- priate for surrounding fire. or mixture mal decomposition generates: Carbon ox of explosion if heated under confinement ainers. May form flammable/explosive var	away from the of able for breathin ical advice/atter for at least 15 m medical advice/ by mouth to an ntion. ects are describe owder. Water spin ides. Hydrogen . Use water spin por-air mixture.	contaminated area. ng. If not breathing, give artificial ntion. ninutes. Remove contact lenses, if /attention. n unconscious person. Rinse ed in the labelling (see section bray. Use extinguishing media fluoride. ay or fog for cooling exposed
SECTION 4: First aid measures 1. Description of first aid measures First-aid measures general First-aid measures after inhalation First-aid measures after skin contact First-aid measures after eye contact First-aid measures after eye contact First-aid measures after ingestion 2. Most important symptoms and effect Symptoms/injuries First-fighting measures 3. Indication of any immediate medical Treat symptomatically. SECTION 5: Firefighting measures 5.1. Extinguishing media Suitable extinguishing media Suitable extinguishing media 6.2. Special hazards arising from the sub Fire hazard Explosion hazard	 where Remorespin Wash Immerese Do Nemouting Do Nemouting Do Nemouting The n 2.2) at the n 2.2) at the n 2.2 at the	e possible). Move the affected personnel ove person to fresh air and keep comforta ration. Get medical advice/attention. In with plenty of soap and water. Get med adiately flush eyes thoroughly with water ent and easy to do. Continue rinsing. Get OT induce vomiting. Never give anything h out with water. Get medical advice/atter acute and delayed most important known symptoms and effe and/or in section 11. In and special treatment needed nol resistant foam. Carbon dioxide. Dry per periate for surrounding fire. or mixture mal decomposition generates: Carbon ox of explosion if heated under confinement	away from the of able for breathin ical advice/atter for at least 15 m medical advice/ by mouth to an ntion. ects are describe owder. Water sp ides. Hydrogen . Use water spra por-air mixture.	contaminated area. ng. If not breathing, give artificial ntion. ninutes. Remove contact lenses, if /attention. n unconscious person. Rinse ed in the labelling (see section bray. Use extinguishing media fluoride. ay or fog for cooling exposed sk of explosion.

2,2,2,3'-Tetrafluoroacetophenone Safety Data Sheet according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

SECTION 6: Accidental release measures				
6.1. Personal precautions, protective equ	ipment and emergency procedures			
General measures	: Evacuate unnecessary personnel. Ensure adequate air ventilation. Do not breathe gas, fumes, vapor or spray.			
6.1.1. For non-emergency personnel				
Emergency procedures	: Only qualified personnel equipped with suitable protective equipment may intervene.			
6.1.2. For emergency responders				
Protective equipment	: Do not attempt to take action without suitable protective equipment. For further information refer to section 8: "Exposure controls/personal protection".			
Emergency procedures	: Gas/vapor heavier than air. May accumulate in confined spaces, particularly at or below ground level. Consider the risk of potentially explosive atmospheres. Eliminate every possible source of ignition.			
6.2. Environmental precautions				
Avoid release to the environment. Notify authoritie	es if product enters sewers or public waters.			
6.3. Methods and material for containment	nt and cleaning up			
For containment	: Stop leak if safe to do so. Dike for recovery or absorb with appropriate material.			
Methods for cleaning up	: Take up large spills with pump or vacuum and finish with dry chemical absorbent. Use explosion-proof equipment. Take up small spills with dry chemical absorbent. Sweep or shovel spills into appropriate container for disposal. Ventilate area.			
Other information	: For disposal of solid materials or residues refer to section 13 : "Disposal considerations".			
6.4. Reference to other sections				
No additional information available				
SECTION 7: Handling and storage				
7.1. Precautions for safe handling				
Additional hazards when processed	: Handle empty containers with care because residual vapors are flammable.			
Precautions for safe handling	: Do not handle until all safety precautions have been read and understood. Ensure good ventilation of the work station. Do not breathe fumes, mist, spray, vapors. Wear personal protective equipment. Avoid contact with skin and eyes. Keep away from ignition sources (including static discharges). Proper grounding procedures to avoid static electricity should be followed. Use only non-sparking tools.			
Hygiene measures	: Handle in accordance with good industrial hygiene and safety procedures. Do not eat, drink or smoke when using this product. Always wash hands after handling the product.			
7.2. Conditions for safe storage, including any incompatibilities				
Technical measures	: Comply with applicable regulations.			
Storage conditions	: Keep container closed when not in use. Keep away from ignition sources.			
Incompatible materials	: Refer to Section 10 on Incompatible Materials.			
Storage area	: Store in dry, cool, well-ventilated area.			
SECTION 8: Exposure controls/personal protection				

Control parameters 8.1.

No additional information available

8.2. Exposure controls	
Appropriate engineering controls	: Ensure good ventilation of the work station. Emergency eye wash fountains and safety showers should be available in the immediate vicinity of any potential exposure.
Hand protection	: Protective gloves. 29 CFR 1910.138: Hand Protection.
Eye protection	: Chemical goggles or safety glasses. Face shield. 29 CFR 1910.133: Eye and Face Protection.
Skin and body protection	: Wear suitable protective clothing.
Respiratory protection	 In case of inadequate ventilation wear respiratory protection. 29 CFR 1910.134: Respiratory Protection.
Other information	: Safety shoes. 29 CFR 1910.136: Foot Protection.

UN-No. (IATA)	:	1224	
Proper Shipping Name (IATA)	:	Ketones, liquid, n.o.s.	
Class (IATA)	:	3 - Flammable Liquids	
Packing group (IATA)	:	II - Medium Danger	
SECTION 15: Regulatory information			
15.1. US Federal regulations			
2,2,2,3'-Tetrafluoroacetophenone (708-64-5)			
Listed on the United States TSCA (Toxic Substa	Listed on the United States TSCA (Toxic Substances Control Act) inventory		
All components of this product are listed, or excluded from listing, on the United States Environmental Protection Agency Toxic Substances Control Act (TSCA) inventory			

This product or mixture does not contain a toxic chemical or chemicals in excess of the applicable de minimis concentration as specified in 40 CFR §372.38(a) subject to the reporting requirements of section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 and 40 CFR Part 372.

15.2. International regulations

CANADA

2,2,2,3'-Tetrafluoroacetophenone (708-64-5)		
	Listed on the Canadian NDSL (Non-Domestic Substances List)	

EU-Regulations

No additional information available

National regulations

No additional information available

15.3. US State regulations

01/27/2017

2,2,2,3'-Tetrafluoroacetophenone

Safety Data Sheet according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

California Proposition 65 - This product does not contain any substances known to the state of California to cause cancer and/or reproductive harm

SECTION 16: Other information

Full text of H-phrases:

- [Eye Irrit. 2A	Serious eye damage/eye irritation Category 2A
- [Flam. Liq. 2	Flammable liquids Category 2
ſ	Skin Irrit. 2	Skin corrosion/irritation Category 2
ſ	STOT SE 3	Specific target organ toxicity (single exposure) Category 3
ſ	H225	Highly flammable liquid and vapor
	H315	Causes skin irritation
ſ	H319	Causes serious eye irritation
ſ	H335	May cause respiratory irritation

NFPA health hazard	: 3 - Short exposure could cause serious temporary or residual injury even though prompt medical attention was given.
NFPA fire hazard	: 3 - Liquids and solids that can be ignited under almost all ambient conditions.
NFPA reactivity	: 0 - Normally stable, even under fire exposure conditions, and are not reactive with water.
HMIS III Rating	
Health	: 2 Moderate Hazard - Temporary or minor injury may occur
Flammability	: 3 Serious Hazard - Materials capable of ignition under almost all normal temperature conditions. Includes flammable liquids with flash points below 73 F and boiling points above 100 F. as well as liquids with flash points between 73 F and 100 F. (Classes IB & IC)
Physical	: 0 Minimal Hazard - Materials that are normally stable, even under fire conditions, and will NOT react with water, polymerize, decompose, condense, or self-react. Non-Explosives.
