

Revision number: 2 Revision date: 10/06/2014

1. IDENTIFICATION

Product name: Product code: 5-Nitro-o-cresol N0185

Product use: Restrictions on use:

Company:

CI America 9211 N. Harborgate Street Portland, OR 97203 U.S.A. Telephone: +1-800-423-8616 / +1-503-283-1681 Fax: +1-888-520-1075 / +1-503-283-1987 e-mail: sales-US@TCIchemicals.com www.TCIchemicals.com

2. HAZARD(S) IDENTIFICATION

OSHA Haz Com: CFR 1910.1200:

Skin Corrosion/Irritation [Category 2] Eye Damage/Irritation [Category 2A] Aquatic Hazard (Acute) [Category 3] Aquatic Hazard (Long-Term) [Category 3]

Signal word:

Warning!

Hazard Statement(s):

Causes serious eye irritation Causes skin irritation Harmful to aquatic life Harmful to aquatic life with long lasting effects

Pictogram(s) or Symbol(s):

Precautionary Statement(s): [Prevention] [Response]

> [Storage] [Disposal]

Wash hands and face thoroughly after handling. Wear protective gloves. Wear eye and face protection. If on skin: Wash with plenty of water. If skin irritation or rash occurs: Get medical advice/attention. Take off contaminated clothing and wash it before reuse. If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice or attention. None

3. COMPOSITION/INFORMATION ON INGREDIENTS

Substance/Mixture: Components: Percent: Substance 5-Nitro-o-cresol >98.0%(GC)(T)

None

For laboratory research purposes. Not for drug or household use.

| 3. COMPOSITION/INFORMATION | ON INGREDIENTS | |
| CAS Number: | 5428-54-6 | |
| Molecular Weight: | 153.14 | |
| Chemical Formula: | C7H7NO3 | |
| Synonyms: | 2-Methyl-5-nitrophenol | |
| 4. FIRST-AID MEASURES | | |
| Inhalation: | Call emergency medical service. Move victim to fresh air. Give artificial Administer oxygen if breathing is difficult. Keep victim warm and quiet. supportively. Ensure that medical personnel are aware of the material | Treat symptomatically and |
| Skin contact: | protect themselves. Call a poison center or doctor if you feel unwell. Remove and wash cor case of contact with substance, immediately flush skin with running wa symptomatically and supportively. Ensure that medical personnel are a take precautions to protect themselves. | ter for at least 20 minutes. Treat |
| Eye contact: | IMMEDIATELY flush eyes with running water for at least 15 minutes, k material may irritate or burn eyes. Call emergency medical service. Mo remove any contact lenses. Keep victim warm and quiet. Treat sympto exposure to substance may be delayed. Ensure that medical personne involved and take precautions to protect themselves. | we victim to fresh air. Check for and matically and supportively. Effects o |
| Ingestion: | Do not induce vomiting with out medical advice. If swallowed, seek me the container or label. Do not use mouth-to-mouth method if victim inger respiration with the aid of a pocket mask equipped with a one-way valv medical device. Loosen tight clothing such as a collar, tie, belt or waist in the recovery position so that vomit will not reenter the mouth and thr and quiet. Treat symptomatically and supportively. Ensure that medica material(s) involved and take precautions to protect themselves. | ested the substance; give artificial e or other proper respiratory band. If a person vomits place them oat. Rinse mouth. Keep victim warm |
| Symptoms/effects: | | |
| Acute: Delayed: | Redness. No data available | |
| Immediate medical attention: | If breathing has stopped, perform artificial respiration. Use first aid trea injury. Ensure that medical personnel are aware of the material(s) invo themselves. | |
| 5. FIRE-FIGHTING MEASURES | | |
| Suitable extinguishing media: | Dry chemical, CO_2 , sand, earth, water spray or regular foam Consult w attempting large scale fire fighting operations. | vith local fire authorities before |
| Specific hazards arising from the che Hazardous combustion products: | mical These products include: Carbon oxides Nitrogen oxides | |
| Other specific hazards: | Closed containers may explode from heat of a fire. | |
| heated. Move containers from fire area i Special protective equipment for fire- Wear positive pressure self-contained b | | es limited protection in fire situations |
| 6. ACCIDENTAL RELEASE MEAS | URES | |
| Personal precautions: | Avoid contact with skin, eyes, and clothing. Keep people away from and upwind of spill/leak. Do not touch damaged containers or spilled material unless wearing appropriate protective clothing (Section 8). Warn unnecessary personnel to move away. Stop leak if you can do it without risk. Ensure adequate ventilation. Isolate the hazard area and deny entry to unnecessary and unprotected personnel. | |
| Personal protective equipment: | Wear eye protection (splash goggles) and face protection (full length fa respirator. Be sure to use a MSHA/NIOSH approved respirator or equiv (nitrile). | ace shield). Lab coat. Dust |
| Emergency procedures: | Prevent dust cloud. In case of a spill and/or a leak, always shut off any | sources of ignition, ventilate the |

Emergency procedures: Prevent dust cloud. In case of a spill and/or a leak, always shut off any sources of ignition, ventilate the area, and excercise caution. Do not touch damaged containers or spilled material unless wearing appropriate protective clothing. Warn personnel to move away. Prevent entry into sewers, basements or confined areas; dike if needed.

6. ACCIDENTAL RELEASE MEASURES

Methods and materials for containment and cleaning up:

ELIMINATE all ignition sources (no smoking, flares, sparks, or flames in immediate area). Stop leak if without risk. Absorb with an inert material and put the spilled material in an appropriate waste disposal container. Use clean non-sparking tools to collect absorbed material. Dike far ahead of spill; use dry sand to contain the flow of material. Ventilate the area.

Environmental precautions:

Environmental hazard. Do not let product enter drains. Prevent further leakage or spillage if safe to do so. Water runoff can cause environmental damage. Prevent entry into sewers, basements or confined areas; dike if needed.

7. HANDLING AND STORAGE

| Precautions for safe handling: | Avoid inhalation of vapor or mist. Avoid contact with skin and eyes. Good general ventilation should be sufficient to control airborne levels. Keep container dry. Handle and open container with care. Wear suitable protective clothing, gloves and eye/face protection. When using do not eat, drink, or smoke. Keep away from sources of ignition. |
|--------------------------------|---|
| Conditions for safe storage: | Keep only in the original container in a cool well-ventilated place. Keep away from incompatibles. Containers which are opened must be carefully resealed and kept upright to prevent leakage. Avoid prolonged storage periods. |
| Storage incompatibilities: | Combustible substances, Store away from oxidizing agents |
| | |

8. EXPOSURE CONTROLS / PERSONAL PROTECTION

Exposure limits:

No data available

Appropriate engineering controls:

Good general ventilation should be sufficient to control airborne levels. Ventilation is normally required when handling or using this product. Eyewash fountains should be provided in areas where there is any possibility that workers could be exposed to the substance. Follow safe industrial engineering/laboratory practices when handling any chemical.

| Personal protective equipment | |
|-------------------------------|---|
| Respiratory protection: | Dust respirator. Be sure to use a MSHA/NIOSH approved respirator or equivalent. |
| Hand protection: | Wear protective gloves. |
| Eye protection: | Safety glasses. |
| Skin and body protection: | Lab coat. |

Solubility(ies):

10. STABILITY AND REACTIVITY

Reactivity: Chemical Stability: Possibility of Hazardous Reactions: Conditions to avoid: Incompatible materials: Hazardous Decomposition Products: Not Available. Stable under recommended storage conditions. (See Section 7) No hazardous reactivity has been reported. Avoid excessive heat and light. Strong oxidizing agents No data available

| Acute Toxicity: No data available | | | |
|---|---|--|--|
| Skin corrosion/irritation: No data available | | | |
| Serious eye damage/irritation: No data available | | | |
| Respiratory or skin sensitization: No data available | | | |
| Germ cell mutagenicity: No data available | | | |
| Carcinogenicity: | | | |
| No data available | | | |
| IARC: No data available | NTP: No data available OSHA: No data available | | |
| Reproductive toxicity: No data available | | | |
| Routes of Exposure: Inhalation, Eye contact, Ingestion, Skin contact. Symptoms related to exposure: Skin contact may result in inflammation; characterized by itching, scaling, reddening, or occasionally blistering. Skin contact may result in redness, pain or dry skin. Eye contact may result in redness or pain. Potential Health Effects: | | | |
| Skin and eye contact may result in irritation. Target organ(s): | No data available | | |
| 12. ECOLOGICAL INFORMATION | | | |
| Ecotoxicity Fish: Crustacea: Algae: | 48h LC50:16.3 ppm (Oryzias latipes) No data available No data available | | |
| Persistence and degradability: Bioaccumulative potential (BCF): Mobillity in soil: Partition coefficient: n-octanol/water (log Pow) Soil adsorption (Koc): Henry's Law: constant (PaM ³ /mol) | 0 % (by BOD), 0 % (by TOC), 3 % (by UV-VIS) 4.2 - 10 (conc. 0.3 ppm), <4.3 - 6.9 (conc. 0.03 ppm) No data available No data available No data available No data available | | |
| 13. DISPOSAL CONSIDERATIONS | | | |
| Disposal of product: | Recycle to process if possible. It is the generator's responsibility to comply with Federal, State and Local rules and regulations. You may be able to dissolve or mix material with a combustible solvent and burn in a chemical incinerator equipped with an afterburner and scrubber system. This section is intended to provide assistance but does not replace these laws, nor does compliance in accordance with this section ensure regulatory compliance according to the law. US EPA guidelines for Identification and Listing of Hazardous Waste are listed in 40 CFR Parts 261. The product should not be allowed to enter the environment, drains, water ways, or the soil. | | |
| Disposal of container: Other considerations: | Dispose of as unused product. Do not re-use empty containers. Observe all federal, state and local regulations when disposing of the substance. | | |

16. OTHER INFORMATION

Revision date: 10/06/2014 **Revision number: 2**

TCI chemicals are for research purposes only and are NOT intended for use as drugs, food additives, households, or pesticides. The information herein is believed to be correct, but does not claim to be all inclusive and should be used only as a guide. Neither the above named supplier nor any of its affiliates or subsidiaries assumes any liability whatsoever for the accuracy or completeness of the information contained herein. Final determination of suitability of any material is the sole responsibility of the user. All chemical reagents must be handled with the recognition that their chemical, physiological, toxicological, and hazardous properties have not been fully investigated or determined. All chemical reagents should be handled only by individuals who are familiar with their potential hazards and who have been fully trained in proper safety, laboratory, and chemical handling procedures. Although certain hazards are described herein, we can not guarantee that these are the only hazards which exist. Our SDS are based only on data available at the time of shipping and are subject to change without notice as new information is obtained. Avoid long storage periods since the product is subject to degradation with age and may become more dangerous or hazardous. It is the responsibility of the user to request updated SDS for products that are stored for extended periods. Disposal of unused product must be undertaken by qualified personnel who are knowledgeable in all applicable regulations and follow all pertinent safety precautions including the use of appropriate protective equipment (e.g. protective goggles, protective clothing, breathing equipment, face mask, fume hood). For proper handling and disposal, always comply with federal, state and local regulations.
