

Revision number: 1 Revision date: 10/06/2014

# 1. IDENTIFICATION

| Product | name: |
|---------|-------|
| Product | code: |

Enalapril Maleate E1010

Product use: Restrictions on use: For laboratory research purposes. Not for drug or household use.

**TCI AMERICA** 

SAFETY DATA SHEET

# 2. HAZARD(S) IDENTIFICATION

| OSHA Haz Com: CFR 1910.1200: | Not classifiable |
|------------------------------|------------------|
| Signal word:                 | None             |
| Hazard Statement(s):         | None             |
| Pictogram(s) or Symbol(s):   | None             |
| Precautionary Statement(s):  | None             |

Hazards not otherwise classified: [HNOC] May be harmful if swallowed.

Supplementary Information:

While this material is not classified as hazardous under OSHA, this SDS contains valuable information critical to safe handling and proper use of the product. This SDS should be retained and available for employees and other users of this product.

## 3. COMPOSITION/INFORMATION ON INGREDIENTS

| Substance/Mixture:<br>Components: | Substance<br>Enalapril Maleate   |
|-----------------------------------|--|
| Percent:                          | >98.0%(HPLC)(T)  |
| CAS Number:                       | 76095-16-4   |
| Molecular Weight:                 | 492.53   |
| Chemical Formula:                 | $C_{20}H_{28}N_2O_5 \cdot C_4H_4O_4$                                   |
| Synonyms:                         | 1-[N-[(S)-1-Ethoxycarbonyl-3-phenylpropyl]-L-alanyl]-L-proline Maleate |

## 4. FIRST-AID MEASURES

| Inhalation:   | If a person breathes large amounts of this chemical, move the exposed person to fresh air at once |
|---------------|---|
| Skin contact: | If a person feels unwell or symptoms of skin irritation appear, consult a physician.              |
| Eye contact:  | No information available.   |
| Ingestion:    | Not applicable.   |

Symptoms/effects:

Acute:

| 13. DISPOSAL CONSIDERATIONS<br>Disposal of product:   | Recycle to process if possible. It is the generator's responsibility to comply with Federal, State and Local  |
| Disposal of product:  | rules and regulations. You may be able to dissolve or mix material with a combustible solvent and burn in a chemical incinerator equipped with an afterburner and scrubber system. This section is intended to provide assistance but does not replace these laws, nor does compliance in accordance with this section ensure regulatory compliance according to the law. US EPA guidelines for Identification and Listing of Hazardous Waste are listed in 40 CFR Parts 261. |
| Disposal of container:<br>Other considerations:   | Dispose of as unused product.<br>Observe all federal, state and local regulations when disposing of the substance.  |
| 14. TRANSPORT INFORMATION   |   |
| DOT (US)  | Non-hazardous for transportation.   |
| IATA  | Non-hazardous for transportation.   |
| IMDG  | Non-hazardous for transportation.   |

## **15. REGULATORY INFORMATION**

#### Toxic Substance Control Act (TSCA 8b.):

This product is NOT on the EPA Toxic Substances Control Act (TSCA) inventory. The following notices are required by 40 CFR 720.36 (C) for those products not on the inventory list:

(i) These products are supplied solely for use in research and development by or under the supervision of a technically qualified individual as defined in 40 CFR 720.0 et sec.

0 0 0

(ii) The health risks of these products have not been fully determined. Any information that is or becomes available will be supplied on a SDS sheet.

#### **US Federal Regulations**

# 16. OTHER INFORMATION

#### Revision date: 10/06/2014 Revision number: 1

TCI chemicals are for research purposes only and are NOT intended for use as drugs, food additives, households, or pesticides. The information herein is believed to be correct, but does not claim to be all inclusive and should be used only as a guide. Neither the above named supplier nor any of its affiliates or subsidiaries assumes any liability whatsoever for the accuracy or completeness of the information contained herein. Final determination of suitability of any material is the sole responsibility of the user. All chemical reagents must be handled with the recognition that their chemical, physiological, toxicological, and hazardous properties have not been fully investigated or determined. All chemical reagents should be handled only by individuals who are familiar with their potential hazards and who have been fully trained in proper safety, laboratory, and chemical handling procedures. Although certain hazards are described herein, we can not guarantee that these are the only hazards which exist. Our SDS are based only on data available at the time of shipping and are subject to change without notice as new information is obtained. Avoid long storage periods since the product is subject to degradation with age and may become more dangerous or hazardous. It is the responsibility of the user to request updated SDS for products that are stored for extended periods. Disposal of unused product must be undertaken by qualified personnel who are knowledgeable in all applicable regulations and follow all pertinent safety precautions including the use of appropriate protective equipment (e.g. protective goggles, protective clothing, breathing equipment, face mask, fume hood). For proper handling and disposal, always comply with federal, state and local regulations.
